

POM WONDERFUL EXPANDS COMMITMENT TO DEL REY WITH NEW STATE-OF-THE-ART BOYS & GIRLS CLUB

A landmark \$7 million investment will create a new space for local youth featuring Del Rey's first indoor gym, a technology center, learning lab and more

DEL REY, Calif. (September 22, 2026) — POM Wonderful today announced a landmark \$7 million investment, one of the largest to-date in the Del Rey community, to support the development of a new, state-of-the-art Boys & Girls Clubs of Fresno County – Del Rey Club, expanding access to educational, recreational and enrichment opportunities for youth and families in the Del Rey community.

The new Club will provide a dedicated space for young people to learn, play and grow, while creating a new resource for the broader community. Currently operating out of 1,000 square feet, the new planned 9,200-square-foot facility will provide nearly nine times the space and allow the Club to significantly expand its reach in Del Rey by increasing enrollment from approximately 128 youth annually to more than 500.

“This new Club is an investment in Del Rey’s future – creating a place where young people can learn, play and grow, and helping ensure this community continues to thrive for generations to come,” said Derrick Miller, President of POM Wonderful. “Del Rey is home to many of our employees and their families, who have helped make POM Wonderful what it is today. We believe deeply in giving back to the communities where our employees live and work by creating opportunities that can make a meaningful, lasting difference.”

Plans for the new Club include a full-sized indoor gym – a first for the Del Rey community – along with a technology lab supporting digital literacy, a creative lab for STEM and arts programming, a library and learning center, gaming and recreation areas, and other programming. The facility is also expected to include a communal hall and conference room that will be available to the broader community.

“This investment represents a transformational opportunity for the young people and families we serve in Del Rey,” said Jason Hannold, President & CEO of Boys & Girls Clubs of Fresno County. “Our current Club may be small, but the potential of the kids who walk through its doors every day is anything but. With POM Wonderful’s support, we will be able to serve more young people, expand the experiences available to them and create a space that the entire Del Rey community can call its own.”

The investment builds on POM Wonderful’s long-standing connection to Del Rey and reflects a broader commitment by its parent company, The Wonderful Company, and its co-founders Lynda and Stewart Resnick. The Resnicks’ approach to philanthropy is rooted in building a better and healthier world,

starting with the communities where its employees live and work. To date, the Resnicks, along with their foundations and The Wonderful Company, have committed more than \$2.5 billion in lifetime giving globally, with more than \$900 million invested in the Central Valley of California – where more than 3,000 employees live and work – to support education, health and wellness, community development, infrastructure, affordable housing, and more.

The new Club will build on this philanthropic work by creating a permanent community resource in the heart of Del Rey. Construction of the new facility is expected to be completed by the end of 2028.

About POM Wonderful

POM Wonderful is the largest grower and producer of fresh pomegranates and pomegranate juice in the United States, as well as the worldwide leader in fresh California pomegranates and pomegranate-based products, including our 100% pomegranate juices, healthy juice blends, and teas. With nearly two million pomegranate trees in Central California, we grow, handpick, and juice our own pomegranates to ensure the highest quality.

About Boys & Girls Clubs of Fresno County

The mission of the Boys & Girls Clubs of Fresno County (BGCFC) is to enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens. For more than 77 years, BGCFC has provided a safe place for youth to learn and grow. We are a private, non-profit community-based organization that serves youth ages 6-18 at 14 locations in Fresno County. BGCFC is the largest youth-services organization in the County. For more information on how the Boys & Girls Clubs of Fresno County is helping our community, visit www.bgcfresno.org or follow us on Facebook, Instagram, and LinkedIn [@BGCFresnoCounty](https://www.instagram.com/BGCFresnoCounty).
